For the 2020 season we are asking all players to bring a white/grey t-shirt as well as a navy/black t-shirt to each game as their uniform. Players must wear black shorts and white socks.
 - a. NOTE: Please make sure all shirts do not have any team/club logos, offensive or distasteful words/images, religious references or such. Professional team logos, general corporate logos, or other markings that can be considered neutral will be permitted.

If a substitution is made for a cautioned player, the opposing team may make the same number of substitutions at that time. All substitute players **MUST** be ready at midfield, and substitutions are made only with the referee's consent and at his or her direction. If a game is stopped to allow for substitution for an injured player, the other team may also substitute, on a one-for-one basis.

If the deliberate header occurs within the goal area, the indirect free kick should be taken on the goal area line parallel to the goal line at the nearest point to where the infringement occurred.
- d. There will be one referee for all 11U and 12U games, and every effort made to provide one referee and two assistant referees for all 13U through 19U games.
- e. For the 2020 season, for each game, the head coach must have a valid roster produced from the registration system which includes player and coach photos and names. There will be no sharing of rosters. Massachusetts DSP Anti-Harassment, Anti-Bullying and Anti-Hazing Policies

Anti-Harassment Policy

Massachusetts DSP is committed to providing an environment that respects diversity and is free from discrimination and harassment based upon any legally protected status including race, ethnicity, religion, gender, age, sexual orientation, marital status, national origin, disability and veteran status. All decisions affecting employment and participation at DSP shall be made without discrimination against any person on the basis of any such legally protected status. The program believes all individuals must be treated with dignity and respect. Consistent with this commitment and consistent with federal and MA law, DSP does not condone discriminatory or harassing conduct of any individual. In particular, coaches and staff are prohibited from engaging in harassing or discriminatory conduct based on gender or race directed against any other person engaged to provide services to or perform work for DSP. In addition, coaches and staff are advised that physically, emotionally or sexually abusive conduct by coaches or staff directed toward players under the age of 18 must be reported to the Massachusetts Technical Director and DSP Director and in certain instances, to law enforcement agencies and may result in criminal sanctions.

Behaviors that Violate this Policy

Discrimination against or harassment of an individual when based upon a legally protected status (see above) violates this policy when such conduct is pervasive or severe. Discrimination and harassment can take many forms. The following are examples of conduct that could violate this policy:

1. limiting opportunities on the basis of race, ethnicity, religion, gender, age, sexual orientation, marital status, national origin, disability, veteran status, or any other legally protected status;
2. slurs, jokes, statements, remarks, questions, gestures, pictures or cartoons regarding race, ethnicity, religion, gender, age, sexual orientation, marital status, national origin, disability veteran status, or any other legally protected status that are derogatory or demeaning to an individual's or group's characteristics or that promote stereotypes;
3. demands for sexual favors in exchange for favorable treatment or continued employment;
4. offensive or unwelcome sexual flirtation, advances or touching;
5. obscene, demeaning or abusive commentary about an individual's body;
6. responding to refusals to provide sexual favors with verbal, emotional or physical abuse.

This policy applies to discrimination and harassment occurring in Mass Youth Soccer and in other settings where DSP personnel may be exposed to discrimination or harassment, including but not limited to activities away from Progin Park locations, such as co-sponsored activities that are off-site. This policy protects and applies to all DSP coaches, staff and players.

It is not the intent of this policy to prohibit consensual relationships between adults employed by the program. However, romantic and sexual relationships between DSP players and DSP coaches and staff are prohibited and will lead to immediate termination and dismissal. In addition, coaches and staff are advised that engaging in sexual relations with a player under the age of 16 constitutes statutory rape and is a criminal offense, while abuse of a child under the age of 18, including sexual abuse or physical or emotional abuse involving sexual relations or sexual overtones, are offenses which must be reported to the appropriate authorities. Coach and staff behavior with respect to players must be above suspicion. Coach and staff should avoid even the appearance of an improper relationship with players.

Anti-Bullying Policy

Bullying is when one or more people exclude, tease, taunt, gossip, hit, kick, or put down another person with the intent to hurt another. Bullying happens when a person or group of people want to have power over another and use their power to get their way, at the expense of someone else. Bullying can also happen through cyberspace and social media: through the use of e-mails, text messaging, instant messaging, and other less direct methods. This type of bullying can also lead to persons being hurt during or between the seasons and be especially hurtful when persons are targeted with meanness and exclusion.

At DSP bullying is inexcusable, and we have a firm policy against all types of bullying. We work together as a team to ensure that players gain self- confidence, make new friends, improve their skills and knowledge and go home with great memories.

Unfortunately, persons who are bullied may not have the same potential to get the most out of their experience. Our leadership addresses all incidents of bullying seriously and trains staff to promote communication with their staff and their players so both staff and players will be comfortable alerting us to any problems during their DSP

experience and between DSP seasons. Every person has the right to expect to have the best possible experience at DSP, and by working together as a team to identify and manage bullying, we can help ensure that all players and staff have a great time.

Anti-Hazing Policy

DSP is proud to uphold a distinctive set of values and qualities in support of our player's growth and development. We understand that players in attendance come from different team environments and have valuable traditions, rituals, and rites of passage designed to create strong team connections to each other. DSP team initiations or traditions, however, which attempt to build these bonds between members, must do so in an affirming way without coercion of any kind. In a community such as ours, we value lasting relationships grounded in mutual respect, not artificial connections created through shared humiliation.

DSP Policy and MA Law

Hazing is strictly prohibited by DSP policy and by MA law. Violation of the hazing policy may subject an individual or team to disciplinary action, by DSP Technical Director, DSP Director and DSP Coaches with penalties up to and including dismissal for individuals and suspension or termination in the team's future privilege of attending DSP. In addition to incurring serious DSP-imposed consequences for violations of the policy, players may be subject to criminal prosecution by legal authorities for violation of the MA law. "The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person." (Hazing Law, 269:17)

DSP has adopted a broader definition similar to many MA based schools and colleges defining hazing as: Any activity that is part of an initiation, participation, or affiliation in a group that 1) physically or psychologically humiliates, degrades, abuses, or endangers--regardless of a person's willingness to participate; 2) results in the disruption of the educational process or the impairment of academic performance; or 3) violates DSP policy or state law. This applies to behavior on or off the field.. Examples of hazing include but are not limited to the following: physical threats or abuse of any kind; encouraging or requiring a person to consume alcohol, drugs, or foreign or unusual substances; forcing a player into a violation of the law or DSP policy such as indecent exposure, theft, or trespassing; confining a person or taking a person to an outlying area and dropping him/her off; servitude such as encouraging or requiring a person to run personal errands; requiring a shaved head or the wearing of conspicuous apparel in public; and depriving a person of sleep.

Hazing has dangerous potential to harm individuals, to damage organizations and teams, and to undermine the mission of DSP and the fundamental values of our community. As such, no player, DSP employee, DSP volunteer, or other DSP-recognized individuals or groups shall conduct or condone hazing activities, consensual or not.

Taking Action

When in doubt about an activity, ask the Massachusetts Technical Director and DSP Director. They can provide additional examples of behaviors that might constitute hazing, examples of positive group bonding activities and rites of passage for new members, assistance with organizing legitimate events to foster teamwork and cohesiveness, and other relevant information and support.

At DSP, where members of our community look out and care for one another, players and employees are expected to intervene personally or by contacting Massachusetts Technical Director and DSP Director if they encounter activities that put others in physical or psychological harm or discomfort as long as they can do so without jeopardizing their own safety or the safety of others. By stepping up and taking action, bystanders are frequently able to put an end to inappropriate behavior before things get out of hand. DSP players and employees should notify appropriate DSP personnel of any perceived instance of hazing as defined by DSP policy and/or law and do so as soon as possible so the activity can be stopped or the allegations can be investigated. Reports may be made directly or anonymously by submitting an anonymous letter to an appropriate Camp officials or asking a Camp official that the report remain anonymous. You have the option to submit a report anonymously. Please note that although Mass Youth Soccer endeavors to investigate all reports, including anonymous reports, the nature of anonymous reports makes investigation, determination, and remediation more difficult and, at times, impossible. As a result, you are encouraged to provide your name and contact information.

Parent's Zero Tolerance Policy

As some of you may know, inappropriate conduct by parents and other spectators has become an increasing problem for youth sports organizations. To deal with this problem in an effective manner, Massachusetts Youth Soccer has adopted the Parents' Code of Conduct which is detailed below. This Code of Conduct goes beyond our existing Zero Tolerance Policy to protect Officials. We have also adopted the Zero Tolerance Policy for violators of the Code of Conduct. The Board of Mass Youth Soccer urges all of you to take these policies to heart so that we will all have a safe, enjoyable and successful season.

Parent Code of Conduct

1. Applaud good plays; don't dwell on bad plays.
2. Kids imitate their parents. If you are disruptive or act like a jerk, your kid, and possibly others, will act in a similar fashion.
3. The stands are not a place to shout personal instructions.
4. There is more to life than soccer. Encourage your child to participate in other activities.
5. Respect the coach's decision and abilities. Don't force your kids to decide whether to listen to you or to the coach.
6. Stress fair and sensible play. Nobody needs to get hurt because someone is not playing by the rules.
7. Stress the long-term importance of practice over the short-term excitement of games.
8. Stress the importance of teamwork.
9. Never lose sight of the fact that you are a role model.
10. Don't yell if your kid makes a mistake. Point out what they do well. Positive reinforcement goes a long way.
11. Take time to learn the rules of the game.
12. Remember that coaches and administrators are usually volunteers. A "thank you" every once in a while is often a nice reward.

All parents and guardians of Massachusetts Youth Soccer, District Select players are subject to the Zero Tolerance Physical Abuse Policy:

1. Any parent/guardian that attempts to cause physical injury or makes the threat thereof to any individual associated with Mass Youth Soccer shall be subject and his/her children shall be subject to immediate suspension from District Select play and/or other league involvement, for up to one year at the sole discretion of the Massachusetts Youth Soccer Board.
2. A second instance of an attempt to threaten or cause physical injury shall result in up to a three year suspension for the player(s) and the parent/guardian from any involvement with District Select.

All individuals associated with Massachusetts Youth Soccer District Select Program are expected to uphold the values of honesty, good sportsmanship, and respect for the integrity of team participation and team play within Massachusetts Youth Soccer District Select Program and other related sports organizations.

The game will be stopped by referees or Massachusetts Youth Soccer administration if and when parents, guardians, or spectators displaying inappropriate or disruptive behavior interfere with coaches, players, or other spectators during the game. Referees or Massachusetts Youth Soccer officials will identify violators to the coaches for the purpose of removing parents or spectators from the spectators' viewing and game area. Once removed, play will resume. Lost time will not be replaced and violators may be subject to further disciplinary action by Massachusetts Youth Soccer or local civil and criminal statutes. Inappropriate and disruptive behavior listed above shall include, but not be limited to:

- Use of obscene or vulgar language in a boisterous manner to anyone at any time.
- Taunting players, coaches, officials or other spectators by means of baiting, ridiculing, threat of physical violence, or actual violence.
- Throwing of any object in the spectators' viewing area, players' area, or playing fields, or parking areas, directed in any manner in order to intimidate or harm another person, or create a safety hazard.
