Adult Registration and Required Training Help Guide

New User

Under the Commonwealth of Massachusetts State Law, all adults (persons age 18 and older) are required to be CORI Approved prior to working with children. Due to new U.S. Soccer/Mass Youth Soccer policies all adults are also required to have a National background check (includes both State and National Sex Offender Registry checks) processed on their behalf. Both background checks are completed by registering directly with Massachusetts Youth Soccer Association.

Adults must also complete the SafeSport abuse prevention training along with the Centers for Disease Control (CDC) concussion training and be verified/approved for all requirements noted above, prior to working with the children.
