Advanced Formula

Hydrates, Softens
and Moisturizes Skin

Plant-based
Antiseptic

New Fine Mist Spray Formula Provides 3X the Value Over Gel

Using Gloucester Bio's Mist Spray Advanced Hand Sanitizer, you only use 1ml of our advanced hand sanitizer to fully coat your hands with 5 sprays from our 4oz/8oz spray bottles or 1 spray from our 16oz spray bottles/Dispensers, while standard gel-based hand sanitizer pumps dispense 3ml of gel hand sanitizer, thus making you use 3X more hand sanitizer than needed, which you end up wasting.

4oz Spray Bottle

8oz Spray Bottle
