Pop Up Blockers

Occasionally during use of the system various functions open new windows. Though the Pop Up Blocker in your browser may prevent this window from opening. Below are steps to disable your pop up blocker in various web browsers.

Internet Explorer

The pop up blocker in Internet Explorer can be turned off using the following steps.

- Select the small Gear icon in the upper right corner

- Select Internet Options
• Select the Privacy tab, and then uncheck Turn on pop-up Blocker. You can also use the settings to add sportsaffinity.com to the list of allowed sites to show pop ups.

• A secondary location within Internet Explorer is from the menu bar. To show the menu bar follow the below steps.

• Right Click in an empty space at the top of the browser and select Menu Bar.
The Menu Bar will appear just underneath the address bar. Select Tools. Options for turning off the pop up blocker and pop up blocker settings will appear just to the right of the Pop-up Blocker menu option.

The pop up blocker in **Chrome** can be turned off using the following steps.

- In the upper right corner select the options icon  
- Select **Settings**
• Scroll down towards bottom of page and select **Show advanced settings**

• Scroll until you see **Privacy.** Select **Content settings...**
In content settings you will have a section titled Pop-ups. Select either Allow all sites to show pop-ups or Manage exceptions... and add sportsaffinity.com as a site allowed to show pop ups.

The pop up blocker in Safari can be turned off using the following steps.

- Located in the upper left corner of the screen it will read Safari. Click the word Safari to access the menu. Select Preferences
- Select the Security menu option, and uncheck Block pop-up windows
The pop up blocker in Firefox can be turned off using the following steps.

- In the upper right corner select the settings icon.
- Select Options.

- Select Content, and uncheck Block pop-up windows, or use the Exceptions and add sportsaffinity.com as a site allowed to show pop ups.
• A secondary location to access options is located in the menu bar **Tools** option.

If you have your pop up blocker turned off and you are still not receiving the pop up window, please check to see if the pop up window is opening behind or in an already open page.
