

MASSACHUSETTS YOUTH SOCCER ASSOCIATION

PROTECTIVE EQUIPMENT AND FACIAL COVERINGS

In accordance with and based on the EEA Safety Standards for Youth and Adult Amateur Sports activities mandates, Phase IV Step 1 effective May 18, 2021

For Youth aged 18 years and under when outdoors and engaged in moderate risk sports (soccer), a mask will not be required. At their parent's discretion, players may continue to wear a mask while playing soccer.

For participants aged 19 years and older when outdoors and engaged in moderate risk sports (soccer) where social distancing can not be continually maintained (soccer) a face covering must be worn while actively playing. The player may remove the face covering for frequent short mask breaks to catch their breath when they are out of proximity of other players (at least 6') using caution to avoid touching the front or inside of the face covering by using the ear loops to remove and replace.

Players are not required to wear a mask outdoors while on the sideline or in a huddle if proper social distance is maintained. If social distance cannot be maintained masks must be worn.

For the purpose of this guidance a facial covering means a face mask that completely covers the nose and mouth. Only face coverings that are secure with loops around a player's ears are acceptable. Masks with exhalation valves or vents (including mesh masks) are not acceptable and should NOT be worn by anybody. Face coverings must be a separate accessory.

Coaches and Referees are not required to wear a mask if they are outdoors and can social distance. At any time social distance can not be maintained they must wear a mask. Referees age 18 and younger do not need to wear a face covering while on the field of play officiating a game. The use of electronic whistles or similar non-traditional whistles by all referees is required.

Some town, city and regional Boards of Health as well as leagues may impose more restrictive measures for facial coverings for participants and spectators. If so, these restrictions take precedence.

If conditions are so severe as to warrant masks too dangerous to wear, the competition must be delayed, postponed or cancelled
