Welcome to the Town Select League

The Massachusetts Youth Soccer Town Select League is a developmental program whose focus is on player development, joy of the game, playing with character, and learning the value of being a great teammate. Massachusetts Youth Soccer conducts the TSL with support from the town soccer programs and provides an opportunity for those players to participate in a ‘club like’ experience while offering less travel and lower cost. The purpose of the TSL is to identify players at our open tryouts who have development potential and who display character while playing the game.

The TSL Player

TSL is for the soccer player looking to supplement their town experience. Through quality coaching and challenging practice sessions and games, players commit to the process of developing their soccer skill and character while learning and understanding the value of being a great teammate. In the TSL, coaches ‘normalize’ errors and mistakes and encourage players to improve by taking risks in bringing what they learn in practice to game situations. Coaches expect players to be positive, coachable, and in attendance at practice sessions and games throughout the playing year.

Our coaches are ‘engineers of belief’ as they support their players along the journey to improvement while focusing on player development in place of standings, statistics, and game day results.

Purpose

To provide opportunities for Mass Youth Soccer town registered players to experience a higher level of training, development, and competition. The TSL is intended to be an extension of and enhancement to the town programs, and not competition for them.

Mass Youth Soccer Mission Statement

Massachusetts Youth Soccer a nonprofit educational and service organization, is dedicated to the ongoing development of youth soccer players, coaches, referees, clubs, and leagues in an inclusive, safe, affordable, and fun environment.

TSL Mission Statement

Our mission is to provide player development, quality coaching, and select competition, in an environment that is welcoming, fun, and challenging and that reinforces the importance of playing with character and the value of being a good teammate.

TSL Overview

Massachusetts Youth Soccer, a member of the US Youth Soccer Association sponsors youth soccer programs in a geographical area of the state, stretching from Boston to the Berkshires. Currently, there are over 200,000 players registered through Massachusetts Youth Soccer with the TSL offering eligibility to players living in the towns of Essex, BAYS, Middlesex, Nashoba Valley and MAYS.

Our goal is to continue to offer controlled growth within our program so that in time, the TSL will be offered to every area in the state.

Benefits of TSL

- Two games per month match play and one-per-week practice schedule limits the required time commitment.
- Develop new relationships with players from neighboring towns while meeting new teammates.
- Match play occurs in a confined geographic area within regional area and accessible via major highways in the area, setting reasonable limits on time and travel requirements.
- Players receive advanced training and experience a higher level of competition with other players of like skills at minimized cost.
- Players train under the guidance of qualified, committed coaches.
- Consistent teams and philosophy through fall, spring and optional winter seasons following the US Soccer Federation Player Development Initiatives.
- The reinforcement that the value of hard work, discipline, loyalty, and being a great teammate is just as important as how well a player plays.

- All players meeting age and participation criteria are invited to tryout, regardless of level of current town team assignment. Players may attend any of the tryouts and if they make a team will be rostered closest to their residence and not where they tried out.
- The TSL will use USSF calendar year age group designations. For the 2019/20 soccer year players born in 2011 & 2010 will be 10U eligible; players born in 2009 U11, players born in 2008 will be U12 eligible; players born in 2007 will be 13U eligible; players born in 2006 will be 14U eligible; players born in 2005 will be 15U eligible.
- Tryouts take place starting in June at locations designated by the state office and will be conducted by the Mass Youth Soccer's Technical Staff, Administration, and TSL Coaching Staff. Locations are in central locations within the current towns we service.

TSL Eligibility Locations

Participation in the 2019/20 TSL Program will be open to Mass Youth town organizations that are currently within the existing **Essex, Middlesex, BAYS , Nashoba Valley ,and MAYS**. Our expansion will be gradual and in an effort to connect existing territories with new ones.

TSL Season-Practice-Games

- The fall and spring season schedule will consist of 4 stand-alone Sunday matches in addition to a Jamboree of 2 games per team at the conclusion of both the Fall and Spring.
- Teams will practice 6-7 times a season **once per week** to minimize disruption of town practices. TSL practices are typically on Friday evenings.
- Practice locations are usually no more than a 30 mile radius from a player's residence. If a child makes a team and there is not an age appropriate team in their area, they will be offered a roster spot on the next closest team to their residence.
- Everyone travels on game day but we try to limit the game day distance to an hour give or take.
- Practices that are cancelled due to weather will not be made up. If weather is inclement on game day make up's are not guaranteed but families may need to be prepared to travel to a different field venue and or play a make-up game based on field availability. **IF** a make-up is scheduled, teams will play with the players that are available on that day/time.
- Players will have the option to participate in our TSL Winter indoor training program with other TSL players under the guidance Mass Youth Soccer. The winter indoor training is a 6 week program for \$100.
