

U.S. Soccer Learning Center Concussion Training Instructions

Concussion Training Policy:

Mass Youth Soccer has a two-year approval policy for concussion training. If you completed your training June 1st or later, of the prior year you are registering into, you are in fulfillment of the Mass Youth Soccer policy of two years. *For example: for coaches/volunteers in the Fall 2021-Spring 2022 season, training must have been completed June 1, 2020, or later.*

→ Your organization may have a one-year approval policy: it is your responsibility to check with your organization's Risk Manager.

 - b. If your U.S. Soccer Connect account does not have the USSF ID# field populated, contact the U.S. Soccer Connect Help Center, provide them with your ID#, and have them add it to your account; this will update your concussion training to approved/verified.

IMPORTANT: *If all information matches and the account is not auto updated, call the U.S. Soccer Connect Helpline at (855) 703-2558. If they cannot resolve the issue, contact the USSF at learningcentersupport@ussoccer.org.*

NOTE: you will not see an expiration date in your adult registration account for training. The expiration date is based on the policy information noted above.

If you see a cloud with an upload arrow, it is time to take/retake that training.

If you see a check mark and 'verified,' you are in compliance for this registration year.

If you are unsure how to proceed or need assistance, contact your organization's Risk Manager.
