### PRACTICE (Core Activity): Wreck It Ralph

**Objective:** to dribble your ball to goal while protecting it from opponents

**Organization:** In a 15Wx20L grid, with a cone goal in every corner & every player with a soccer ball. All but 2 players are trying to dribble their soccer ball into as many goals as possible. 2 players do not try to score but try to WRECK the goal scorer’s points. If a Wreck It Ralph hits a goal scorer’s ball with their own, they demolish all the points and the goal scorer has to start scoring over again. **Rules:** Play begins when coach says, “GO”. Score by dribbling your ball through any of the 4 goals.

**Key Words:** Go forward, dribble to goal, protect your ball

**Guided Question:** Where do you have to point your toe if you want your laces to kick the ball?

**Guided Questions:**
- What should you do when confronted by a defender? When should you kick the ball further of front of you?
- When a defender is close, take softer touches to keep the ball close. If you see an opening to the end zone, kick the ball further in front so you can score as quickly as possible.

**Notes:** Put your body in the way to block it from the opponents (hide it/shielding). Point your toe to the ground and push the ball in front of your laces.

### PRACTICE (Less Challenging): Find the Open Goal

**Organization:** In 20Wx30L yard grid with a 5yd end zone on each end of the field. Each team starts behind their end zone. One team starts with a soccer ball. On the coach’s command, 2 players with 1 ball enter the field and try to dribble the ball into the opponent's end zone. The team w/o soccer ball can only send 1 defender. Players who can stop the ball in the opponent's end zone get 10 points. After 5 intervals, switch so both teams have a chance to attack. **Rules:** Players try to dribble across to the other end zone. Defenders can only steal the ball outside the end zones. If a defender steals a ball and dribbles it into the other end zone, he/she wins the points for their team. After both soccer balls are either scored or knocked out of play, the game is over and the next game begins.

**Key Words:** Look up, find an opening, fake the defender, go to goal.

**Guided Questions:**
- What should you do when confronted by a defender? When should you kick the ball further of front of you?
- When a defender is close, take softer touches to keep the ball close. If you see an opening to the end zone, kick the ball further in front so you can score as quickly as possible.

**Notes:** Spread out can also be introduced so 1 defender cannot cover both players. Remember to keep the primary focus on the player with the ball.

### PRACTICE (More Challenging): Soccer Combat

**Organization:** In a 15Wx20L grid, with a cone goal in every corner & all but 2 players with a soccer ball. The players with a soccer ball will trying to score as many goals as possible in 1 minute. The players without a soccer ball are trying to steal any ball they can and start scoring for themselves. If your soccer ball is stolen, you can either steal your ball back or steal a ball from another player. **Rules:** Play begins when coach says, “GO”. Score by dribbling your ball through any of the 4 goals that are open. You must have a soccer ball in order to score.

**Key Words:** Go forward, dribble to goal

**Guided Question:** What can you do to protect your soccer ball? Where do you go if you see a goal is blocked by a defender?

**Answers:**
- Either put your body between your ball and the defender or dribble fast to a goal.
- Turn away and attack an open goal.

**Notes:** Coaches can start as defenders if needed but should switch over to players within the first few rounds.
Objective: to pass or dribble past an opponent then score goals

Organization: In a 25Wx35L field and a small goal on each end line, play a 4v4. Play for 24 minutes – 2 intervals of 10 minutes with a 2 minute rest between intervals. Local rules apply. If the ball leaves the field, the coach should roll another ball onto the field and play continues. No goal keepers allowed.

Key Words: turn, get the ball, score goals

Guided Questions: Who should determine whether to dribble pass or shoot? Why is it challenging to score goals? So, how can you beat them?

Answers: The players must be allowed to make their own decisions. There is another team on the field who is trying to stop you and score in your goal. Go to goal when you can. If you can’t go to goal, find a teammate who can.
